P.M. No. 90/1965

VISIT BY ARGENTINE MINISTER

Statement by the Prime Minister, Sir Robert Menzies

The Minister for Agriculture and Livestock in the Argentine Government, Mr. Walter Kugler, will visit Australia next month.

He will be a guest of the Australian Government for two weeks, beginning on Saturday, the 4th of December.

In Canberra, he will spend three days meeting appropriate Ministers, and will then leave for a tour of New South Wales, Queensland and Victoria. Mr. Kugler will have discussions with Commonwealth and State Departments, and with authorities responsible for the production and marketing of a wide range of rural commodities. He will also visit a number of country properties to inspect Australian farming techniques.

My Government warmly welcomes the visit, which should have mutually beneficial results.

CANBERRA,
15th November, 1965.
