

PRIME MINISTER

PRESS STATEMENT NO. 372

15 November, 1974

REFERENCE TO IAC ON ACETYL PRODUCTS

The Prime Minister announced today that he had forwarded a reference to the Industries Assistance Commission on acetaldehyde; acetic acid, acetic anhydride vinyl acetate and moulding compounds of cellulose acetate.

Mr. Whitlam said the reference was complementary to the reference already held by the Commission on cellulose acetate flake and the Commission had been empowered to take evidence on any raw material used in the production of cellulose acetate flake and vinyl acetate monomer.
