

PRIME MINISTER

FOR MEDIA

June 19 1984

I am deeply saddened to learn of the death of Sir Phillip Lynch.

My personal sympathies and those of the Government are extended to his widow, Lady Lynch, and to his family.

Sir Phillip's career was marked by his commitment to the Liberal Party and through it he made a major contribution to Australian political life.

His long service in a range of ministries was marked by a great sense of purpose and a commitment to advance what he believed were the interests of all Australians.
