The President of the United States of America, Mr. Lyndon B. Johnson, received the following message from Her Majesty The Queen on his arrival at Government House, Canberra, this evening -

"I am delighted that you have been able to visit Australia for a few days before going on to the Conference at Manila. You have already been in Australia and experienced, as have I, the warm hospitality and generous spirit of my Australian people. I know on this your first Presidential visit, you will be doubly welcome, both in your own right and as President of a great democracy with which we are proud to be in such close alliance. I wish you a safe and successful journey.
