PROPOSED VIETNAM SUMMIT

The Prime Minister authorised the following oral comment on the reports that South Vietnam was sounding out its allies about a new Vietnam Summit meeting:-

*

* We have not received an invitation to a Summit conference.

* We have been asked for our views on the desirability of holding a Summit conference.

* We cannot see what useful purpose a Summit meeting could serve at this stage.

(This was a spokesman comment. not in the Prime Minister's name).
