P. M. No. 51/1968

SYDNEY MARCH PAST

Comment by the Prime Minister, Mr. John Gorton

I was extremely pleased to see such a big crowd to watch our men back from Vietnam.

The contingents from the three services gave an impressive display. They are men of whom Australia can be proud.

In talking to some of them later, I felt they were men who believed they had been doing a job that needed to be done. They were justifiably proud of their contribution.
