FOR MEDIA

2 July 1986

On behalf of the Government, I have sent a message of congratulations to the young Adelaide violinist, Jane Peters, on winning the Third Prize in the 1986 Tchaikovsky Competition in Moscow.

Jane's outstanding achievement in the face of international competition of the highest calibre follows the successful European tour by the Australian Youth Orchestra in 1984. It is a further convincing demonstration of the capacities of young Australians to achieve excellence in the international arena.
