

**PRIME MINISTER**

FOR MEDIA

2 DECEMBER 1988

I have today sent the following telegram to the family of  
Mr ~~Lloyd Jones~~

Hazel and I were so sad to hear of Lloyd's death last night. That he died peacefully is as comforting to us as it must be for you. His creative genius lives on in the magnificent legacy of his lifetime's work. The wonderful luminosity of light which he captured will enchant us forever.

Please accept our sincere condolences and deepest sympathy.
