**STATEMENT BY THE PRIME MINISTER, THE HON P J KEATING MP**

**MESSAGE TO MR ANDREAS PAPANDEOU**

I have today sent the following message to Mr Andreas Papandreu following his victory in the Greek elections:

On behalf of the Australian Government and people I would like to pass on my warm congratulations on your election as Prime Minister of the Hellenic Republic.

The traditionally good relationship between our countries is strengthened by the large community of Australians of Greek descent who form an integral part of Australia's multicultural society. I look forward to working with you during your term as Prime Minister to build on the solid foundation of relations between Australia and Greece.
