

PRIME MINISTER

STATEMENT BY THE PRIME MINISTER, THE HON PJ KEATING MP

THE HON. SYDNEY EINFELD AO

I was deeply saddened to hear today of the death of Syd Einfeld who was a person of great substance and compassion.

He always took up the lot of the under-privileged and the less well off.

Syd Einfeld was a valued member of the Labor family and a significant Minister in the Wran Government in New South Wales.

He believed in social justice and he gave every expression to this as a Minister.

His contributions to the Jewish community were also significant and he will be greatly missed.

I extend my condolences to his family.
